

Haterszine

anonymous hate mail

a collection of anonymous hate mail, submitted
one summer in Berlin

To my ex boyfriends and hookups who were trash to me:
How could you not love me and treat me like a queen?!

To Whom it May Concern,

Fuck you for not being educated enough to try and understand my perspective of the world.

With love,
A Free Soul.

Dear Paris,

I wish you were open minded like
Amsterdam and more inviting like Berlin.
But I'm not done with you Paris, I'll be
back. You little piece of shit.

Love,
African boy

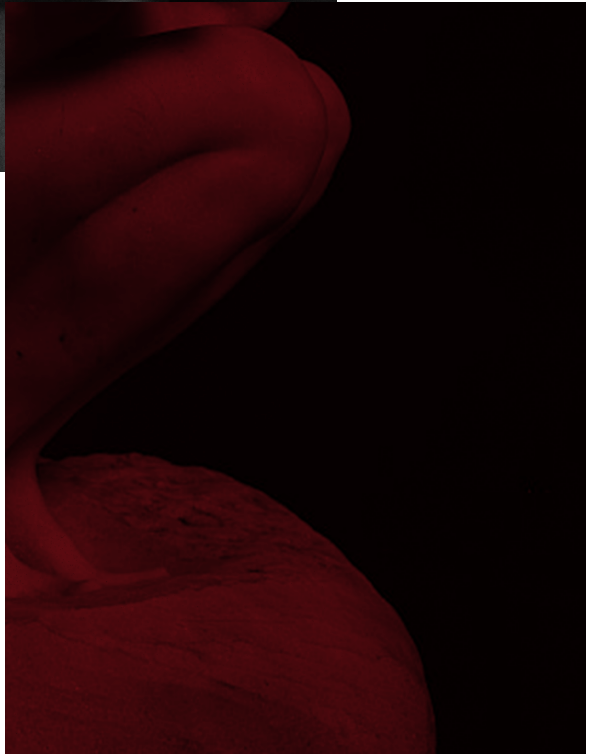

Fuck you boys. Since birth you have abused me and depended on me for all your stupid ass needs. You are the reason I have to reinvent myself constantly. You are the reason I don't have a home. You are the reason for my alcoholism. Fuck positivity. You took my naturally positive perspective on life and turned it into shit. Fuck you. FUCK YOU. I am so angry. But. I am a fighter still.

To My Skin,
You are so special to me. So dark. So full of sin, so soft,
so innocent, yet no one sees your beauty.
Fuck the world, the world is ending. This my best suit!

Dear Mum,
I am very angry that you headbutted me in
the face and then kicked me out.
You are a crazy Scottish person.
Glasgow kisses xx

I am very angry about social injustice and that my parents can't find a nice place to stay. They're nice people! I hate the people who don't give them an apartment or a house. I'm angry about the shitty people that made my boss cry and were unfair. She has a good heart. Everyone worked hard for these people. I hate them! It made me really sad today.

I hate lil bitches that are in college but they look like they are 12!

Why do you let go when it's easier to hold on?

I told Ms Gillet's daughter that her idea was dumb in a Girl Scouts meeting – because it genuinely was – and Ms Gillet yelled at me.

What a fucking hater.

You told me you were surprised. Surprised by what? The fact that I got here by myself and without your looks of distaste? I guess without that, I wouldn't have pushed on to prove you wrong and prove myself even more wrong. Well here I am, I am me.

I'm going to freaking kill you Alfie. Then chop off your head and then chop off your feet and then swear constantly at your dead body.

- Ivan

To Ivan,

When you're old I hope you die soon.

Joking!

Yours sincerely,
Alfie xxx

All the freaking dickheads
who think it's ok to follow a
girl home or talk to them
condescendingly solely
based on the fact that they're
a girl.

Also, assholes.
You don't lose anything from
being nice.

Snake bitchesss

What makes me mad?
It's funny because I consider
myself quite an angry person, but
right now in this moment, all I can
think about is that I hate dishes.
I really do.

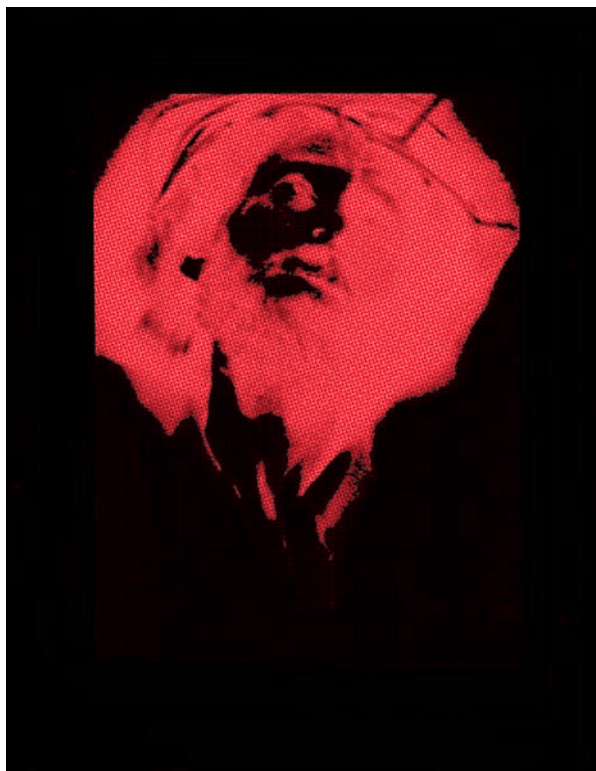

Fuck you dishes, clean yourself.

When my flatmate pulled weird faces when I asked her for food (like today at lunch) and says yes anyway, but she ate my gurken and all of my apples a week before!!! And also when people think they can read my mind. I'm not in love with you, I just want friendly sex - not to be your fucking girlfriend. You're not breaking my heart!! We're cool :)

I am mad at you and I promise not to stay that way.

Yo world,
Stop only wanting to be friends with pretty people! I fucking hate it. I used to be chubby and I hate knowing that if I still were, fewer people would want me around. Who are my real friends? Why don't I act on the answer???

In sixth grade my best friend BULLIED ME!

Ich hasse den Umstand, dass Leute, die Kunstgalarien sehen sollten, keine Kunstgalarien sehen. Ich hasse den Umstand, dass ich Leute in Leute, die Kunstgalarien sehen sollten und Leute, die keine "sehen brauchen" einteile.

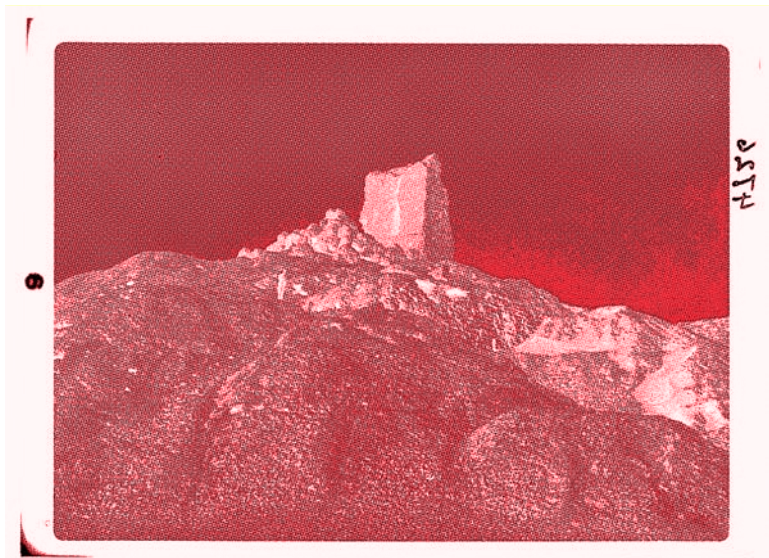

Außerdem: Ausstellungen, in denen man nicht rauchen darf.

Außerdem: Das obsessiv Scheißsystem. Natürlich.

Hate not understanding.

I hate when people you've met before act aloof and too cool like they don't know you. But you know they know you, and they don't acknowledge you!

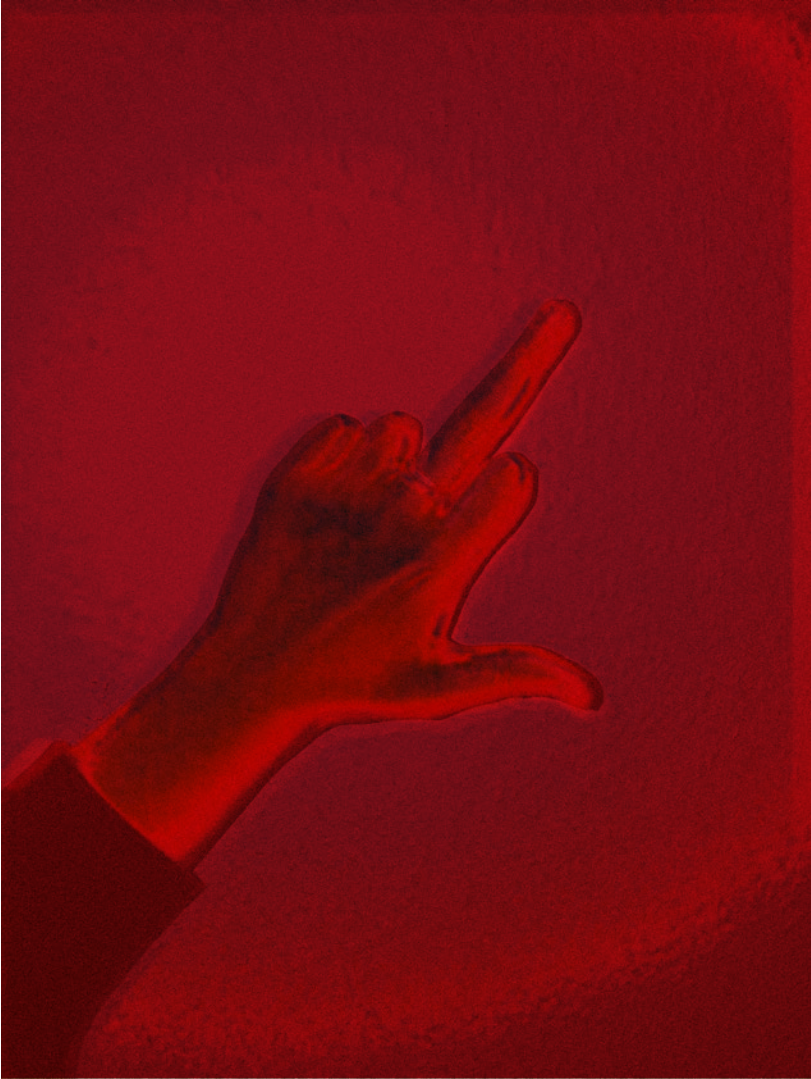

Fuck you stepdad for when you hit me for not doing things as you wanted. Fuck you for that and the many other occasions where you insulted me. Fuck you!

My fulltime job makes me very angry. It's boring, it's not challenging and I'm wasting my time. 9 - 5 sucks. But it's actually 9 - 5:30 - even worse.

So, fuck my job!!!

fuck off.
